## *Recovering Hope*

### **Respected MUN Advisor:**

The International School of Panama (ISP) is proud to invite you to join us for the 29th annual session of the Panama Model United Nations (PANAMUN), which will be held on October 20-22 as an online conference on Zoom.

PANAMUN is the largest and oldest Model United Nations conference in Central America and is also the only local conference affiliated with the esteemed THIMUN (The Hague International Model United Nations) Organization. As an affiliate, we value the idea of giving the youth an opportunity to find their voices and engage with big-picture ideas. Our conference provides a stage for young minds who share the desire to change the world to discuss current world issues and create a gateway towards global consciousness through diversity and unity.

This year's Secretariat team will be comprised of:

- Ekaterina Korabelnikova (Secretary General)
- Martin Vivone (DSG of High School)
- Corina Calcaño (DSG of High School)
- Paula Roldan (DSG of Middle School)
- Vinicius da Paixao (DSG of Middle School)
- Arhan Chhabra (DSG of Special Committees)
- Paul Rauschkolb (DSG of External Affairs)
- Gloria Lan (DSG of Marketing and Communications)
- Soyeon Choo (DSG of Admin Staff)
- Diego Rios (DSG of MUN Impact)

The theme for PANAMUN XXIX is **Recovering Hope**. Our world is slowly emerging from the COVID pandemic, a tumultuous, relentless, and despairful journey that we have started to overcome. Millions of lives have been lost, polarization became a prominent part of our society, as hatred and angst spread rapidly among us. In isolation and in the presence of such obstacles it has been easy to give up and lose oneself. However, by strengthening our unity we are able to empower ourselves and the people around us to rebuild what we have lost. Through compassion, we now have the opportunity to fight for what we believe in and continue progressing forward. PANAMUN aspires to foster an environment that motivates and inspires its participants to reignite their hope and continue to rise up to the challenges presented to them.

Here at the International School of Panama, we are keen on highlighting diversity, and all the different perspectives it can offer. That is why we offer a large variety of committees including those in English, Spanish, and a Middle School section of the conference. In addition to that, we also offer a variety of Special Committees for more experienced delegates and a MUN Impact committee that focuses on taking action regarding the 17 SDGs.

This year, we will be offering the following committees:
